

Andriy D.

Middle Python developer

I am a Python developer with more than 3.5 years of experience. I have been working with Django/DRF for more than three years, but I am not limited to one technology. In my free time, I try to learn something new. Able to work both independently and in a team, I have experience in managing a team, including a completely remote one.

I am sociable, curious and not afraid of new challenges or old methods. I value my time and the time of others, adhere to deadlines and understand time management. Agile, Scrum, flexibility and professionalism.

Technologies I work with: Python, Django, Docker, REST API, Redis, FastAPI, Django Rest Framework, Celery, SQLAlchemy, AWS, MySQL, JSON, Git, PostgreSQL, Linux, OOP.

Professional skills:

- Programming languages: Python
- Web frameworks: Django, Flask, FastAPI
- Databases: PostgreSQL, MySQL, Redis
- DevOps tools: Docker, Kubernetes, CI/CD
- API: REST, Django Rest Framework, GraphQL
- Version control: Git, GitHub, GitLab
- Testing: PyTest, UnitTest
- Work with cloud services: AWS
- Operating systems: Linux
- Programming principles: OOP, TDD

Experience:

—— Avada Media - Odesa, Ukraine

January 2021 is now
